

SGCI STISA 2034 Multi-Country Research Call

SGCI STISA 2034 Multi-Country Research Call

The Science Granting Councils Initiative has launched a competitive multilateral research call to advance Africa's Science, Technology and Innovation priorities.

Eligible teams must include investigators from at least two African countries and align proposed work with STISA 2034 pillars.

This sample PDF is provided so GrantIQ can demonstrate in-page viewing and download of attached call documents.
